LETTER FROM THE PRESIDENT

Joshua T. Woods

EXECUTIVE DIRECTOR, THE GROUNDS

CHAMPIONING

INNOVATION,

INSPIRING

PROGRESS

As President of the Chamber, I'm often asked what keeps our mission moving forward. The answer is simple: it's the people who believe in what we're doing. Our partners—businesses, organizations, and individuals—are the driving force behind everything we accomplish. You're not just sponsors or supporters—you're part of the team. And on May 9th, we're looking forward to celebrating that partnership at our Annual Partner Appreciation Crawfish Boil.

This past year brought some big wins—and every one of them happened because of you. We celebrated outstanding local businesses at our Annual Awards Gala. Recognizing these companies is one of the highlights of our year because it shows the world what makes our business community stand out. These are the people creating jobs, investing in our community, giving back, and pushing all of us forward—and your support made it possible to honor them.

We kept one of our proudest traditions alive with Kids Day, where we handed out backpacks filled with school supplies to kids who needed a boost. These backpacks make a powerful impact on our community as many children would be forced to go without if it were not for the resources the chamber provides. And again, we are able to offer them because of you.

Through our T.A.L.L. program, we helped high school seniors take their next step by awarding scholarships that lighten the load of higher education. These students are sharp, hardworking, and full of potential—and your support gives them the momentum they need to chase their future.

But that's just the start. Every ribbon cutting, every networking event, every training session for small business owners—it's all driven by the strength of our partnerships. Whether we're standing up for pro-business policies, bringing new opportunities to town, or helping a small shop survive a tough season, your support powers the mission.

The Partner Appreciation Crawfish Boil is about celebrating everything we've built together. It's an evening to come together as a Chamber family, enjoy a good meal, share a few laughs, and take pride in knowing we're making a real difference.

On behalf of the entire Chamber team, thank you. Thank you for your trust. Thank you for your support. Thank you for believing in this Chamber and the work we're doing. We're proud to stand with you—and we can't wait to celebrate with you on May 9th.

The Power of Volunteering: A Reflection of Community and Business Values

In the fast pace of today's business world, it's easy to become solely focused on growth, performance metrics, and the bottom line. But there is something even more powerful than a profit margin—a commitment to giving back.

Volunteering is often seen as a way to support local nonprofits, schools, and community organizations. And while that's certainly true, the benefits extend far beyond those we serve. At its core, volunteering is a reflection of who we are as individuals—and just as importantly, who we are as businesses.

When companies encourage their employees to volunteer or get involved in community events, they are making a bold statement: We care. We care about the people we serve, the neighborhoods we live in, and the future we're helping to shape. It tells customers, partners, and prospective clients that your brand stands for more than just business—it stands for values.

Local nonprofits rely heavily on volunteers to deliver services, host events, and meet their missions. Every hour spent mentoring a student, cleaning up a park, or serving meals at a shelter brings them closer to their goals. These contributions may seem small in the moment, but collectively, they are the heartbeat of thriving communities.

But what may surprise you is how profoundly this generosity impacts your business culture. Volunteering fosters team unity, builds leadership skills, and improves employee morale. It gives your staff a sense of purpose beyond the day-to-day grind. When people feel they are part of something meaningful, they are more likely to stay engaged, motivated, and loyal.

Customers are paying attention, too. More than ever, people want to support businesses that give back. They look for companies that are community-minded and socially responsible. In a world full of choices, your commitment to service could be the reason they choose you.

At the Chamber, we've seen firsthand how volunteering creates a ripple effect. A small act of kindness often leads to deeper partnerships, stronger networks, and lasting goodwill. And whether you're a small startup or a large corporation, there is always a way to give—time, talent, or resources.

So I encourage you: invest in your community, not just as a resident or a business owner, but as a volunteer. The return on that investment is immeasurable—and it's a reflection of the values we should all be proud to stand behind.

Hankins High Achiever Award: Honoring Excellence at Hankins Middle School

The SWMCC is excited to announce the launch of the Hankins High Achiever Award, a new initiative designed to recognize and celebrate the exceptional students at Hankins Middle School. This award aims to spotlight young individuals who have not only excelled academically but have also demonstrated strong leadership, community involvement, and a dedication to making a positive impact in their school.

We are proud to announce that the fourth recipient of the Hankins High Achiever Award was Kathy Nguyen. Kathy has shown remarkable commitment to her studies, maintained an outstanding academic record, and consistently gone above and beyond to help peers and contribute to the school community. Whether through involvement in extracurricular activities, volunteering, or simply being a positive role model, she has set a shining example of what it means to be a dedicated and engaged student.

Their commitment to education and local youth ensures that we can continue to recognize the hard work and accomplishments of our students, fostering an environment where excellence is celebrated and encouraged.

As we look to the future, we are excited to continue honoring bright and motivated students through this award, and we look forward to seeing many more students at Hankins Middle School recognized for their dedication, passion, and contributions to their school and community.

The popular coffeehouse brand was founded in 2016 by Jeff and Monique Roberts and now has seven sites around the area.

A Mobile investor paid \$351,000 for an 8,000-square-foot space located at 3655 Marion Beckham Drive in West Mobile. BUSINESS OF THE YEAR

- Recipient Announced at Business of the Year Luncheon on May 7th

As we approach the exciting opportunity to name the Chamber's 2025 Business of the Year, we encourage you to take part in this important decision! The 11 outstanding businesses nominated have earned their place through exceptional achievements and dedication to their communities, each being selected as Business of the Month throughout the past year. Now, it's your chance to show your support and recognize their hard work by casting your vote for the one you believe deserves this prestigious title.

Studio founders Shoshana Treichel and Ashley Ramsay Naile first collaborated on a reception for the 2015 Mobile Jewish Film Festival. They quickly formed a friendship as they bonded over their shared ideology of helping others embark on a personal journey of self-discovery and renewal. As time passed, they kept coming back to their fundamental beliefs and when the opportunity presented itself, the two women decided to take on a new adventure by opening a Yoga Studio. When it came time to name the studio, Shoshana reminisced about how their friendship had evolved from their first successful collaboration. She remembered the time they spent to organize every detail of the reception honoring visiting Director Nancy Spielberg after the showing of her documentary film. The film was a post-WWII movie about overcoming adversity and reaching above all obstacles for the impossible. The name of the film, fitting enough, was *Above and Beyond*. The name encompasses the very essence of the journey to open up "Above and Beyond" Yoga. When Shoshana shared her idea with Nancy Spielberg, she was ecstatic in her support. She and her husband, Jake, moved to Mobile in 2014 with the United States Coast Guard. She wanted to bring health and happiness that comes from yoga to the people of the Gulf Coast region in a way that was approachable, empowering, and most importantly, fun! Shoshana and her team's deepest wish is to help each person access and develop the strength, grace, health, and focus that resides in each and every one of us! We are excited you want to start your yoga journey with **Above and Beyond Yoga and Salt Therapy**.

In 1916, **Autry Greer, founder of Greer's**, opened a grocery store in the Northwest corner of Water and St. Michael Streets. This store was a pioneer in the Cash and Carry food store concept. Self-service soon followed and evolved to the modern supermarkets in operation nationwide today. The Greer's store at Water and St. Michael was the first and, for a long time, the only store in Mobile to advertise prices. These prices were the lowest in town because other stores sold on credit and delivered. Now 5 generations later we are still owned by the Greer family. We currently operate 29 stores in Alabama, Mississippi, and Florida with 4 Greer's Ace Hardware Express locations in Cottage Hill/Mobile, Theodore/Dauphin Island Parkway, and Bay Minette, AL and Quitman, MS. We love the food business and the opportunity it gives us to serve the people and communities around us. We are all about Southern hospitality, friendly service and bringing our customers the best in food and household items at great values.

Since 2013, it has been our mission to enable students to overcome individual learning differences in a Christian environment to achieve their full potential. **Bright Academy** is the only full-day school program on the Alabama Gulf Coast that specializes in Dyslexia education for 1st-8th grade. Bright Academy offers a rich and challenging curriculum for dyslexic children in a Christian environment. Our class sizes are small which enables a better teacher/ student ratio. At Bright Academy, we assess the students' weaknesses as well as strengths to determine a starting point in all the instructional areas and set educational goals for them each year. Each child is unique in their abilities and is challenged accordingly. Our goal for the students is for them to become independent, successful, and competent learners both inside and out of the classroom. At Bright Academy, the accent is on the positive. Students find the pleasure of working with other bright and talented dyslexic kids like themselves. We encourage students to discover their talents and develop their own learning styles. We are here to create future leaders one child at a time.

At **Core**, we work hard to deliver the best mix of skills and equipment to satisfy the needs of each project in the most timely and cost effective manner. Our management team has more than 150 years of combined experience in maritime and logistical services and our staff are expertly qualified in stevedoring and operating industrial equipment. Core owns and operates Theodore Industrial Port, one of the largest, privately-held port facilities in the Southeast. With a depth of 40 feet and two docking facilities with length capacity at 1,300 feet and 1,700 feet, we are equipped to handle multiple vessels simultaneously up to Panamax Class. The port is situated on the Theodore Ship Channel, a federally maintained deep water ship channel extending off the west bank of the Mobile Ship Channel in Alabama. Our facilities and expertise combined with our deep water port facility allow us to execute more efficiently with faster response, better project management and closer coordination with customers. The result is the highest quality projects, delivered on time and within budget. These capabilities also allow us to work with a diverse range of clients, predominantly focused in oil and gas services, fabrication, custom logistics, and cargo handling — including bulk, break bulk and project cargo. We also operate one of the world's largest bulk woodchip handling facilities for customers manufacturing pulp, paper and medium density fiberboard.

With over 75 years of stellar service under our belt, **Keesler Federal** is not only the largest Mississippi-based credit union, but also one of the largest credit unions in the Southeast. From a modest beginning in 1947, the founding members of Keesler Federal Credit Union had a shared vision. A vision of unity and the common good. Of building a cooperative financial partnership that would pool funds for the benefit of all members. An enduring vision of People Helping People. Fast forward seven decades and that guiding vision remains as crystal clear as it was then. Our service footprint has broadened beyond the Mississippi Gulf Coast to include the Hattiesburg and Jackson metro areas, St. Tammany and Orleans parishes in Louisiana and the Mobile, AL area. As we welcome more members to the Keesler Federal family, add more products and services, refine technologies, and embrace innovation, we will never lose the relationship-based, local focus that is an essential part of the credit union experience.

The mission of **McKemie Place** is to provide a safe haven, spiritual encouragement, and access to resources that help meet the needs and promote the well-being of unaccompanied women experiencing homelessness. McKemie Place, a 501c3 non-profit, is the only emergency shelter for unaccompanied women in Southwest Alabama. Our first guests were given shelter in March of 2007 after an unaccompanied homeless woman froze to her death on the streets of downtown Mobile. McKemie Place started as a service of the United Methodist Inner City Mission, thanks to the efforts of the Homeless Coalition task force, and became its own nonprofit in 2010. To honor the legacy of James "Jim" McKemie and his heart for the homeless in our community, they decided to name the new women's homeless shelter, McKemie Place. After years of searching, planning, and preparation, McKemie Place relocated to a permanent location of our own in 2020 where we can care for homeless women around the clock. Having our own facility has allowed us to improve the quality of our current services and make plans to expand the services we provide for our community. On average McKemie Place provides over 4 million dollars worth of services to women in need and serves 450 women each year.

I've gotten to know many local families as an **Allstate** agent in Theodore. I enjoy being a part of the community, and building local relationships is one of the best parts of my job.
